

Earth Science Honors Thesis - Application for Admission

The filled out student application form (this form) and accompanying proposal should be submitted via e-mail to Dr. Julia Morgan and copied to the student's research advisor. The research advisor's recommendation should also be mailed to Dr. Julia Morgan at the same time. For typical years, this application will be due by the end of the spring semester of the candidate student's junior year.

STUDENT INFORMATION

Name: _____ Matriculation Year: _____ Graduation Year: _____

University address and telephone number: _____

E-mail address: _____

Name and department of proposed honors research advisor(s): _____

Declared Major(s) and Minor(s): _____

Current CGPA: _____

Grades in the following courses:

MATH	CHEM	PHYS	ESCI	Additional ESCI courses
101: _____	121/151: _____	101/111: _____	301: _____	and grades received
102: _____	122/152: _____	102/112: _____	321: _____	
			322: _____	
			323: _____	
			324: _____	
			334: _____	

Research-for-credit courses taken:

Course name and number	Semester taken	Research advisor name/dept.	Grade
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Previous research experience(s): _____ *professor name, institution, dates, research topic*

Future plans:

list educational and career goals

ADDITIONAL APPLICATION MATERIALS REQUIRED:

1. Research advisor's recommendation for the honors program

[Why do you believe the applicant should be considered for the senior thesis program? What attributes have they shown in your research lab (independence, attention to detail, intellectual engagement, diligence, etc.)? Include any special considerations that may account for deficiencies elsewhere on this application. Please submit recommendation via e-mail to Dr. Julia Morgan.]

2. Student research proposal

[Include previous research accomplishments, a short description of the research project planned, specific aims, timeline for honors year]
